Respondants,

Count 1

1.1- 8th Amendment violation under cruel and unusual punishment by: Department of Corrections, Washington State Penitentiary, Walla Walla County, Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Jon Doe 1, Jon Doe 2, Tom Scribner, Maryann Curl

1.2- I am an African American male incarcerated within the confines of the Washington State Penitentiary (WSP) Department Of Corrections (DOC). On 8/03/21 I was removed along with neighbor Gabriel Nevarez from our general population housing and relocated to the prisons Intensive Management Unit (IMU). Prior to this IMU placement at 7:00AM estimated time Corrections officer (C/O) SGT Coll came to my cell front and informed me that myself, Gabriel Nevarez, and 14 other individuals would be transferred to WSP IMU and infracted. I inquired as to why and he stated for an incident that to his understanding occurred on 7/30/21 during a modified COVID lockdown trash and dinner disposal period in which only individuals who complied with COVID testing were allotted to receive.

1.3- He proceeded to state that he had known for a few days via staff communications and Emails that this would happen. He assured me not to worry as he had already reviewed the infraction videos and reports and said upon my hearing I would beat it due to it being frivolous. He advised me to pack all of my property that I would be transferred to IMU shortly after ward. By informing me of this transfer C/O Juan Coll violated his DOC employers policy protocol through his actions.

1.4- Learning of this transfer filled me with a variety of emotions being confusion, anxiety, helplessness, sadness, and still hope in his words. At the time of this situation I was due to be released from incarceration on 12/14/21 2 days before my daughters birthday. I was also working diligently on my class work from Walla Walla Community College in pursuit of an Associates of Business Management. The realization and knowledge of the possible damage to my life this situation could cause left me in dismay as to

why this was happening.

1.5- Shortly after the conversation with Juan Coll I was promptly transferred to WSP IMU. Upon intake I was issued unclean dirty laundry and instructed to put them on. This caused me to ask why, and I was informed by staff that laundry for IMU had not been cleaned due to IMU being on COVID quarantine /lockdown. I was then notified that the pod I was to be housed in had Multiple positive COVID cases and I would immediately restart the 14 day quarantine period because My cell placement was in a pod with active cases causing me to become newly exposed to COVID. Upon hearing this I began to plead with staff, and voice My concerns for My health and safety. I explained that I had provided 2 negative COVID tests and cleared the allotted quarantine period the day before on 8/02/21, and was unvaccinated and feared for My safety all to no avail. Staff members only downplayed the severity of COVID and said even if I catch it it'll be fine im young at 24 with a strong immune system and its not as bad as the media makes it sound.

1.6- To my dismay I was still placed in the contaminated pod along with Gabriel Nevarez and made to begin the quarantine process again. During this quarantine time I was only allowed 2, 10 minute showers and phone calls a week, heightening the level of negative emotions I was feeling at the time causing me to go into a state of depression as I have never in My life been subjected to such an oppressing environment like the one I was being forced in. WSP DOC could have left me in the unit G housing arrangement I was initially in and placed only myself and others whom they wanted on in cell lockdown like they had been doing during My

initial quarantine process for individuals who would not willingly submit to COVID testing or placed me in a COVID free IMU pod as they had the means to do these things instead of placing me in a life threatening and changing environment like they did. As a result of the IMU placement my deteriorating mental health state, and the constant adherent threat of contracting the potentially fatal COVID virus, after factoring in IMU staff unvaccinations, IMU not issuing cleaning supplies during quarantine, and staff not following mask mandate PPE protocol the pressure and fear for my life became overwhelming and against my free will I submitted and received a COVID vaccine.

1.7- In my heart I feel a deep sense of shame and embarrassment because of this. Everyday I wake up left with these feelings lingering within me and can't help to believe I was coerced into receiving a COVID vaccination that has left me with a sense of vulnerability like I have never felt before this. DOC staff and Medical staff would conduct daily cell by cell temperature and oxygen blood pressure readings with the same equipment they would use on positive COVID inmates. If you did not submit to the tests staff would profess an ultimatum of submit to testing daily or lose your yard and shower privileges. I attempted multiple times to inquire their badge numbers and names of DOC WSP staff and Medical and was told I really didn't want to do that and would be promptly ignored after that. Using such an ultimatum is unjust and a direct threat to violate my 14th Amendment due process of law as they would be imposing a sanction upon me without the application of the due process of law. Placing myself and Gabriel Nevarez in IMU at this time knowing it was on a COVID quarantine lockdown with active positive cases within the confines of my living, recreational, and hygienic

quarters allowed the COVID virus to assume precedence becoming part of the punishment imposed upon me violating my constitutional rights in this

1.8- Department Of Corrections (DOC) violated my constitutional rights by omitting to intervene when legally obligated to and end the constitutional violations being imposed upon me. Washington State Penitentiary (WSP) violated my constitutional rights by also omitting to intervene and end the constitutional rights violations that were imposed upon me, also allowing DOC/WSP Corrections Officers (CO's) acting under color of state law to carry out the commissions of my constitutional rights violations that occurred within the count. CO's Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Jon Doe 1, and Jon Doe 2 violated my constitutional rights within the count by drafting the written infraction reports, IMU referrals, IMU placement orders, and transport orders used to aid and abet the commissions of my constitutional rights violations in the count which I will provide in full supplemental at a later date. Maryann Curl violated my constitutional rights by allowing the previously listed defendants to commit the actions in the count. Maryann Curl is currently the head Doctor/Physician at WSP and is legally obligated to intervene when a patient/inmate's life, health, and safety is potentially or being jeopardized by another individual, themselves, diets, or housing arrangements within the facility which she omitted to do. Tom Scribner violated my constitutional rights by also omitting to intervene and cease the actions taken upon me as he holds the elected public officials office of the Mayor of Walla Walla and is therefore legally charged with

the protection of county residences/wards. DOC, WSP, and their C/O's conduct business within Walla Walla County jurisdiction and because of this Walla Walla County and Tom Scribner who is the Mayor have an obligation to ensure WSP is operating justly and with full respect of the Constitution.

Count 2

2.1- 5th Amendment double jeopardy violation by: DOC, WSP, Walla Walla County, Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Grany Pierce, Jon Doe 1, Jon Doe 3, Tom Scribner

2.2- C/O's Lesley Gilson and Justin Heath provided identical verbatim written infraction reports which state: "On 7/30/21 at approximately 1823 offenders Copeland E. DOC#396284, Nevarez Gr. DOC#409134, Christensen J. DOC#412972, White E. DOC#342686, Canfield T. DOC#877137, Romero M. DOC#327744, Cuevas M. DOC#427737, Rosario A. DOC#425806, Rodriguez Gr. DOC#423235, Reyes J. DOC#361856, Guerrero-Garcia R. DOC#338179, Reyes M. DOC#380545, Abarca P. DOC#406011, Tavares D. DOC#399907, engaged in inciting a group demonstration at trays up after Offender Morfin, Ramon DOC#302052 refused directives to lock up". This written testimony lacks substance in the due process of probable cause as it never gives a detailed description of my role or Gabriel Nevarez's actions in the alleged matter, and was allowed to be an admissible piece of evidence in the infraction hearing and a tool used to aid and abet the constitutional violations bestowed on me. C/O Jon Doe 1 provided a separate corroborating written infraction used in the

infraction hearing process that states: "On 7/30/21 at approximately 1823 in Bolf Unit East Dayroom 1/1 (Incarcerated Individual) Copeland, Elijah DOC #396284 refused a staff member's orders to return to his cell. Refusal to return to his cell when ordered by a staff member constitutes a violation of WAC 509 - Refusing a direct order by any staff member to proceed to or disperse from a particular area. Inmate then joined in with a group of inmates who began to encircle officers. This is a violation of WAC 652 - Engaging in or inciting a group demonstration. All inmates participating in the demonstration were members or affiliates of the same Security Threat Group. This is a violation of WAC 734 - Participating or engaging in the activities of any unauthorized club, organization, gang, or security threat group; or wearing or possessing the symbols of any unauthorized club, organization, gang, or security threat group". C/O Jon Doe 1 provided this report without being present at the time of the alleged incident leaving me in awe as to how he could provide this report and attest to the alleged facts or actions of myself and others when the other reports are contradictory to this one.

2.3 Subsequently the use of these 3 incident reports were used by hearing officer Gary Pierce during my infraction hearing in which he imposed further sanctions upon me violating my constitutional rights. In the Disciplinary Hearing Minutes And Findings report he states in written record: Violation #-734 Guilty, 509 Guilty, 652 reduced to 663.

Reasons)- Written Staff testimony 1/m's written statement video does show 1/m Copeland-Frazier join in with multiple other "Sureno" 1/m's and refuse orders to lock up in their cells the 1/m's as a group began encircling staff as an act of intimidation causing staff to vacate the dayroom and avoid a physical altercation guilty 734, 509, and 663.

Sanction(s) 25 days segregation, 60 days loss good time. Reason(s) for Sanction(s) within DOC policy guidelines and due to the seriousness of the incident. Held in absent /M given a copy. Will provide these reports supplemental at a later date

2.4- Imposing the sanction of 25 days segregation, 60 days loss of good time is a violation of my constitutional rights as I was already serving a sanction due to me being housed in IMU since 8/03/21 at the time of the impositions of these new sanctions on 9/02/21 suffering throughout this time the traumatic experiences and unjustly punishments being forced on me in count 1. The constitutional violations of Count 2 have further contributed to my deteriorating emotional and mental health state leaving me feeling truly helpless to the circumstances I was being wrongfully subjected to. It has also left me with a conscious eternal punishment that came along with it because as a result of these constitutional violations, punishments, and hearings I unfortunately missed my daughters birthday further straining and distancing our relationship and bond with each other. Furthermore, my beloved grandmother who was my best friend and mentor in life tragically passed away during the oppressing times of trials and tribulations I was unjustly enduring. I was then denied and forced to miss any opportunities including video Skype to attend her funeral to find closure and pay my final respects and honor the truly wonderful, loving, beautiful soul, and blessing she was to my life and others. This ultimately has caused very personal, close, and family relationships to become broken as these individuals have grown a sense of misplaced resentment towards me due to the effect these unjust actions sowed upon my life.

2.5- All of the following listed defendants in Count 2 (2.1) violated my constitutional rights in Count 2 through the exact same actions I have mapped out in Count 1 (1.8) as their actions and documents in (1.8) were used as universal tools in prior and subsequent constitutional rights violations. Please exclude any relevant narratives in (1.8) of Jon Doe 2, and Maryann Gurl as they are not applicable to Count 2 (2.1-2.5). Please include Jon Doe 3 violated my constitutional rights in Count 2 by drafting property disposition forms and other forms used to aid and abet the violation in this count, and Gary Pierce violated my constitutional rights in Count 2 by being the acting hearings officer and imposing, and drafting sanctions and testimonies that aid and abet the Count 2 violation. I will provide all of the documents I have cited in Count 2 (2.1-2.5) in full supplemental at a later date.

Count 3

3.1- 14th Amendment due process violation by: DOC, WSP, Walla Walla County, Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Jon Doe 1, Jon Doe 2, Tom Scribner

3.2- I believe that within the confines of Count 1's constitutional rights violation (1.1-1.8) a 14th Amendment procedural due process of law violation exists as well. As I was subjected to IMU placement pre infraction hearings, and unjustly forced into a dwelling domain of COVID infested living, hygienic, and recreational quarters. These 2 factors became focus of punishment even if they were abnormal and unjust and because of that I should have been afforded the application of the procedural

due process of law and allowed to call witness, present evidence, and testimony at a trial which I was not. I was instead found guilty in a sense and given these 2 forms of sentence sanctions without ever having a fair and impartial trial and judgement in accordance with the due process of law.

3.3- All of the following listed defendants in Count 3 (3.1) violated my Constitutional rights in Count 3 through the exact same actions I have mapped out in Count 2 (1.8) as their actions and documentations in (1.8) were used as universal tools in prior and subsequent Constitutional rights violations. Please exclude any relevant narrative in (1.8) of Maryann Curl as it is not applicable to Count 3. I will provide supporting documentations supplemental at a later date.

Count 4

4.1- 5th Amendment procedural due process of law violation by: DOC, WSP, Walla Walla County, Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Robert Royse, Gary Pierce, Casey Kaeck, Hunter Meyers, Christopher Alaniz, Tim Thrasher, Tom Scribner, Jon Doe 1, Jon Doe 2, Jon Doe 3.

4.2- As a result of the actions and facts I have provided within Counts 1-3 (1.1-3.3) on 10/1/21 I was served by C/O Jon Doe 3 a 90 Day Property Disposition form stating 5 boxes of excess food out of my personal property needed to be destroyed, donated to charity, or sent out at my expense. I reasonably refused to sign this form as it was my personal property, unopened, and my financially struggling family bought it for me. Loss of my personal property was never a sanction imposed on me by any hearings officers or administration staff. I asked C/O Jon Doe 3 "why I was being deprived of my personal property"? He stated "DOC WSP property staff

were sick of having to pack up boxes of food and individuals other remaining personal property items and having to transport them all to long term storage across the prison. So in order to create less boxes and work for staff they decided to no longer store consumable food items in long term storage and imposed a new WSP operational memorandum 440.000 policy making this a non grievable issue as you can't grieve policies so I could either sign the paper or not my property would still be destroyed". I will provide these forms at a later date supplemental.

4.3- I believe this is a Constitutional rights violation because neither life, liberty, nor property may be taken without due process of law. I was deprived of my personal property without receiving this constitutional right and was given a non negotiable deprivation of my personal property. This made me feel an honest sense of anger and confusion towards the circumstance in which I was being subjected to because I feel that DOC, WSP, and their staff were not trying to provide assistance, understanding, or support for my rehabilitation and the struggle that the world is going through in the midst of the pandemic and economic heartships, but instead further contribute to the pain and struggle in my life.

4.4- All of the following listed defendants in count 4 (4.1) violated my constitutional rights in count 4 through the exact same actions I have mapped out in count 1 (1.8) as their actions and documentations in (1.8) were used as universal tools in prior and subsequent constitutional rights violations. Please exclude any relevant narrative in (1.8) of the following defendants: Jon Doe 1, Jon Doe 2, and Maryann Curl as they are not applicable to count 4. Please add the following defendants: Robert Royse, Gary Pierce, Casey Kaeck, Hunter Meyers, and Christopher Alaniz as they all drafted

further IMU placement stay orders, Ad-Seg placement extensions, infraction reports, sanction impositions, and 90 day property dispositions that became relevant towards the Constitutional rights violations within this count 4 as they aided and abetted the commissions of this count 4's violations by Jon Doe 3. I will provide all of these supporting documentations in full at a later date.

Count 5

5.1- 14th Amendment Due process violation by: DOC, WSP, Walla Walla County, Bradley Bowman, Allen Wilson, Steven Sundberg, Kevin Walker, Juan Coll, Lesley Gilson, Justin Heath, Gilbert Lugo, Robert Royse, Tim Thrasher, Gary Pierce, Casey Kaech, Hunter Meyers, Christopher Alaniz, Tom Scribner, and Jon Doe 1.

5.2- After my initial infraction hearings guilty verdict and reasons that I wrote in and will provide supplemental at a later date on (2.3-2.4) I immediately wrote an appeal of the decision as I believed the written statement I provided to the hearings officer must not have been considered because I was not guilty. My appeal was viewed by Steven Sundberg the superintendent who was also one of the defendants involved in drafting the universal reports and documents in (1.8) that I give reference of leading me to believe his denial decision of my appeal was concluded without being unfair and impartial. At this time in the whole affair I was under the understanding that I was going to serve the sanctions that the hearings officer imposed upon me in (2.3) and be released from IMU back to general population without any further consequences. To my dismay I later realized that would not be the case.

5.3- I learned from Christopher Alaniz during one of his routine weekly tier walk throughs that instead of serving my allotted sanctions

and then being released from IMU back to the normal prisoner population living state. I was now at that time being referred to receive an IMU MAX custody program and once approved I would be required to take and complete a Cognitive Behavior Change Therapy course before I would become eligible to be released from IMU. He then informed me that my previously imposed sanctions would still apply to me and made to be served, only I would remain in IMU no matter what awaiting a Multi Disciplinary Team (MDT) which he was a part of. I asked him the likelihood of this approval as I had not had a single infraction up until that time in over 2 years. He stated he was sure I would receive it because he was on the team and to prepare my mind. I then had my family contact DOC Headquarters in Washington state to advocate on my behalf and plea with them to end these injustices being forced upon me telephonically and E-mails all to no avail.

5.4- On 10/4/21 I received through the unit Mail call system documentation of my MDT's outcome and approval for IMU MAX Custody. As I was reading the papers I initially thought I was misinterpreting the words because I was never given the opportunity to attend this hearing. I further read the papers and learned that I was neglected knowingly by MDT Members and reviewers the right to attend this hearing and properly defend myself. A section of this document states: "Comments/Recommendations date of submit: 9/16/21. Name: Alaniz Christopher G. Comments '(offender) I/I was unable to attend FRMT due to COVID Protocols. E mail received per Thrasher to forward CFP for MAX referral ASAP". I learned I was not given the option to attend and defend myself nor an option to postpone this hearing due to "COVID Protocols" making this a violation of my constitutional rights. I later learned upon my personal

investigations into the matter that the E Mail Christopher Alaniz recieved per Thrasher to "forward CFP for MAX referral ASAP" was Tim Thrasher who is not a part of this MDT board but is a higher ranking DOC headquarters restrictive housing administrator. By Tim Thrasher who is not a part of this MDT board sending Christopher Alaniz who is part of this MDT board and is intrusted with fair and unbiased judgement upon me sending this E Mail he used his power to sway the boards decision to be guilty and impose a sanction of extended IMU MAX custody time and mandatory Cognitive Behavior Change Therapy course completion upon me through direct board member and acting judge Christopher Alaniz who validates this through his recorded written response and his reason for my recommendation to recieve these sanctions.

5.5- This MDT and the sanctions imposed on me meet the elements of an administrative punishment in accordance with the 8th Amendments definition of a punishment being action by administrative body which constitutes the imposition of a sanction for the purpose of penalizing the affected person as the result of the commission of an offense. I was because of this under my 14th Amendment constitutional right entitled to the due process of law which was withheld from me for the reasons being "(offender) I/I was unable to attend due to COVID protocols". (341 U.S. 123, 162-163)- Justice Frankfurter: "The requirement of due process is not a fair-weather or timid assurance. It must be respected in periods of calm and in times of trouble; It protects aliens and citizens. But 'due process', unlike some legal rules, is not a technical conception with a fixed content unrelated to time, place and circumstances. Expressing as it does in its ultimate analysis respect enforced by law for that feeling of just treatment which has been evolved

through centuries of Anglo-American constitutional history and civilization, 'due process' cannot be imprisoned within the treacherous limits of any formula. Representing a profound attitude of fairness between Man and Man, and more particularly between the individual and government, 'due process' is compounded of history, reason, the past course of decisions, and stout confidence in the strength of the democratic faith which we profess. Due process is not a mechanical instrument. It is not a yardstick. . . . It is a delicate process of adjustments inescapably involving the exercise of judgement by those whom the Constitution entrusted with the unfolding of the process." The heartfelt COVID pandemic is a tragedy of our time, and has contributed to grievous strife, pain, and losses in my life and the world as a whole and should not have been or become a present factor to violate my Constitutional 14th Amendment due process during a time in our country when the integrity and justice of our legal system is at it's most relevant times of our days struggling circumstances. I believe COVID should not have been a reason for the MDT I was at the mercy of judgement to become Kangaroo Court rendering biased, swayed, and unfair verdicts upon me.

5.6- All of the following listed defendants in Count 5 (5.1) violated my Constitutional rights in Count 5 through the exact same actions I have mapped out in Count 1 (1.8) as their actions and documents drafted in (1.8) were used as universal tools in prior and subsequent constitutional rights violations. Please exclude any relevant narratives in (1.8) of Maryann Curi and Jon Doe 2 they are not applicable to Count 5 (5.1-5.6). Please include Gary Pierce, Casey Kaeck, Tim Thrasher, Hunter Meyers, Christopher Alaniz these individuals were all members of the MDT team and drafted more documents and imposed further sanctions that aided and abetted the commissions of the

Constitutional rights violations that took place in Count 5. I will provide all these documents and supporting evidence supplemental at a later date.
